| High-quality pre-k = | reduced grade repetition + increased graduation rates + reduced special ed placements + decreased crime and incarceration + taxpayer dollars preserved + stronger economy |

The Pre-K for PA issue campaign is working to ensure that all Pennsylvania children can enter school ready to succeed. Our goal is that by 2022, every at-risk child will have access to a high-quality pre-kindergarten program and middle-income families will more easily afford these services for their children.
